Glazing bead saw to cut 4 glazing bead/cycle, equipped with electronic length stop with nr. 2 independent beats.

INDUSTRY 4.0
READY

pQ Stat

Profile locking and loading grippers

pQ GB

SOFTWARE

PQGB is the HMI for cutting of the glazing beads. The lists can be created either manually using the simple touch-screen interface, or received in an open format file compatible with the main door and window production software. PQGB optimises cutting of the glazing beads on the 4 tracks and is connected to the electronic gauge to import the measurements of one or more panels automatically.

pQ GB

TR65N

Sawing machine cutting 2 glazing beads at a time.

QUOTA GB PVC

Electronic measuring roller table for PVC glazing bead with optional Bluetooth data reception.
