### JOB CNC

Automatic perimeter hardware assembly and screwing station.

INDUSTRY 4.0  
R E A D Y

pQ Stat

pQ AB

### JOB LT

Station for machining of hinge bores on welded frames and edge trimmer for Z frame tab (optional).

## GLAZING TABLES

### BV6

50 cm liftable glazing and testing table, working width of window 2400 mm.

### VERTILINE

50 cm liftable glazing and testing table with drop-down presser beams, working width of window 3200 mm.

## SOFTWARE

PQAB recognises the door by reading the barcode on any side and guides the operator during all assembly phases, indicating the accessory to be fitted, the position and which compartment it must be taken from. PQAB also sends the cremone bolt cut size to the cutter, as well as the type of screws and the positions at which they are fixed to the automatic screwing system.
